We can. As for facilitation it was for OU1 FS portion between Agencies and PRP group.

Prashant,
Can you also provide an updated schedule of scoping meetings? Not anything written in stone, just to keep us all on track as much as possible.

And a quick question, did you use facilitation in the OU1 scoping meetings? I don't think we will need it, but it was mentioned at LCP at some point and I don't know if it was between the PRPs and regulators or between EPA and the community. I just want to be prepared if it comes up.

Thanks,

Sincerely,
